NATIONALITIES AND LANGUAGES

I'm German and Brazilian. I speak both Portuguese and English fluently. I can also read and understand Spanish.

TECNOLOGY

I'm coding since I was 12. I can code on VBA, R, Python, SQL and M (PowerQuery). I have the Google Data Analytics Professional Certificate, IBM Data Science Professional Certificate, Datacamp Data Scientist Associate certificate, Datacamp Data Analyst Associate certificate, Machine Learning Specialization (Stanford and Deepmind) certificate and Udemy's Machine Learning A-Z certificate.

EDUCATION

IESP | Rio de Janeiro, RJ, Brazil (2021-2022)

Master of Political Science

Coursework: NLP, unsupervised learning, and sentiment analysis were applied to Brazilian deputies' speeches to identify how conservative the evangelical deputies were between 2006 and 2021.

PUC-Rio | Rio de Janeiro, RJ, Brazil (2019-2020)

Master of Economics

Coursework: Econometric models were applied to the USD/BRL exchange rate to determine if any could outperform a random walk in the long run.

Ibmec | Rio de Janeiro, RJ, Brazil (2014-2018)

Bachelor of Economics

Coursework: study about the Brazilian economy recess of 2014-2016.

EXPERIENCE

September 2023 - present

S&P Global – Commodities division: Data Modelling Analyst. I'm responsible for elaborate and maintain multiple models related to Natural Gas. For that, I daily use Python, VBA and SQL.

March 2023 – August 2023

Oliveira Trust: Controlling Analyst of Receivable Funds. I was responsible for funds' financial analysis and for process automatization. For that, I used to daily used Python, VBA and SQL.

December 2013 – February 2023

Other work experiences: Junior Researcher at NECON (Legislative Studies), assistant in the Political Economy class at IESP, intern at the Brazilian Statistical Institute (IBGE), intern at a law office, and math teacher at a local NGO.
